Sauget/Tire Enterprise

Compliance

On Sept. 18, 1992, I made an inspection with Christine Mondragon at Lang Okeh. Tire (a.k.a. Tire Enterprise) at Sauget warehouse, Sauget IL. Roy Lang accompanied us on this inspection.

The purpose of this inspection was to determine the progress made by Rich Lang in complying with a court order to remove all tires. Ms. Mondragon accompanied me to assist in taking necessary measurements for estimating tire numbers.

Measurements taken and tires noted as loaded on trucks at the site provide an estimate of 13,000 PTE(passenger tire equivalents) present on this date. This is a substantial decrease from the original estimate of 28,000 PTE noted as present on July 31, 1992.

No receipts for disposal were produced at this time. Roy Lang indicated all records wee kept by Rich Lang who was unavailable at this time.
